

To Whom it May Concern:

Please do not put constraints on Christian radio stations stopping them from talking about things they talk about and sharing things such as the gospel message. Those of that listen to these types of radio stations enjoy hearing these things and if we didn't then we wouldn't listen to it. There is no reason to pass the proposal because if some one doesn't like listening to these messages on the radio than they simply don't have to listen to that station. Please don't take away this joyous thing some of us love and enjoy.

Thank you,  
Aaron Hoskins
